| **Visitation Hours** | During COVID-19 in-person visits (indoors or outdoors) are not allowed. Clients can sign up for weekly Skype visits and phone times have been extended. Should a Client be given permission for a pass due to an emergency, COVID-19 safety protocols must be followed which include: continuous masking, physical distancing, and sanitation of vehicles before entering them.

For phone visits, Clients may use one of several courtesy telephones located on the residential floors of the main building. For Clients calling long distance, there is a pay phone located in the vestibule at the main entrance. Clients will require a phone card/calling card to call long distance. |
| **Appointments** | All appointments must be pre-approved by your Counsellor and are at Aventa’s discretion. Please try to take care of all appointments before treatment. |
| **Smoke-Free/Scent Free Centre** | Smoking is only allowed outside and at designated times only. Counsellors and Medical Staff can provide assistance to Clients who want to quit smoking.

Wearing perfumes/ scents is not allowed. |
| **Phone Contact** | Phone messages are not accepted. Clients have limited access to telephones. Long distance calls require a phone card. **Cell phones are NOT permitted. Please do NOT bring them to treatment.** |
| **Fees for Treatment** | Beds funded via Alberta Health Services (AHS) or other funding partners are provided at no cost to the Client.

Clients are responsible for their own spending money including long-distance phone cards, toiletries, transportation, additional crafts, and incidentals. |
| **Transportation** | Clients are responsible for arranging and paying for their transportation costs in order to attend Aventa, as well as throughout treatment. **Please do not bring your vehicle** as parking is not available. |
| **Electronics** | No electronic devices (i.e. iPads, tablets, cell phones, laptops, gaming devices, etc.) are permitted in the building. Clients will have access to computers for essential tasks. Social media and other restricted sites are not permitted. |
Limits of Confidentiality Agreement

I, ________________________________, understand that my treatment and any information I may share at Aventa is confidential and that any release of information shall require a signed release from me.

I further understand the following limits of confidentiality. Aventa staff may release pertinent information to the appropriate authorities including, but not limited to, police officers, medical personnel, the Child and Family Service Authority, without a signed release in the following circumstances:

a. The information involves a threat of harm to self or others.

b. The information involves concerns about the abuse or neglect of a child.

c. When Aventa is legally obligated to do so (e.g. a client’s file or staff member is subpoenaed by the judicial system).

I understand that treatment information is recorded in my client file for reference and that Aventa staff share information among relevant Aventa Staff which may include the clinical team, management, practicum students and external supervisors of Registered Provisional Psychologists, to assist them in delivering the most effective treatment.

Service Contract and Consent to Services for Phase II / YAT

Service philosophy:
- Incorporating curriculum materials by Dr. Stephanie Covington, Aventa provides concurrent capable, trauma informed, gender responsive addiction treatment programs to meet the unique needs of women.
- Aventa is primarily abstinence-based.
- Cigarettes are restricted but not prohibited. Cigars, loose tobacco, e-cigarettes/vapes are not permitted.
- Women on Methadone, Kadian or Suboxone treatment for opioid dependence are eligible to attend our programs.

Assessment for Treatment
- The program is a collaboration between Alberta Health Services (AHS) and Aventa. Clients must be referred by an AHS Addictions and Mental Health Counsellor via an AHS Addictions Services Office in their community. Clients cannot self-refer to this program. (YAT Program only).
- Assessment for treatment is completed based on the submitted application form, medical form and assessment interview. Clients are required to adhere to the restricted medication list.
- If the Client or the Counsellor determine that the treatment program at Aventa is not appropriate, alternative community services will be discussed.

Description of Services:
- **Phase II** is a six week intensive live-in program that provides individual case management and group counselling based on the Helping Women Recover Curriculum developed by Dr. Stephanie Covington. This program focuses on the following four key areas: self, relationships, sexuality and spirituality. Please see our agency brochure for further information.
- **Young Adult Treatment (YAT)** is a three month live-in program for women 18-24 years of age. It includes individual and group counselling, a life skills and recreation component, and a Family Counsellor for individual and family sessions. YAT is based on the Helping Women Recover Curriculum developed by Dr. Stephanie Covington. This program focuses on the following four key areas: self, relationships, sexuality and spirituality. Please see our agency brochure for further information.
- Programming consists of individual case management, and intensive group therapy. Most, if not all, therapy is based on process groups.
- Groups typically consist of 8-12 women who are admitted to treatment during a window of admission of a few days, and then the group becomes closed. Admissions in YAT are ongoing, so groups are open to new Clients throughout treatment.
- Larger group sessions or activities will also occur with other Clients attending the Aventa live-in programs.
- Clients attend Peer Recovery groups onsite, and online and in the surrounding community. The types of groups depend on availability and Clients are able to choose from a list of available groups.
- The live-in component also offers opportunities to practice skills learned/ discussed in groups.

Likely benefits and risks:
- Through the Aventa treatment program, Clients will likely experience noticeable progress towards meeting their goals. Clients will also likely have a better understanding of themselves and their needs.
While participation in the Aventa treatment program may have many benefits, it also comes with some risk. For example, counselling may cause uncomfortable thoughts or feelings, or bring up troubling memories. Most of the time these uncomfortable feelings are temporary. Clients are encouraged to seek support for any uncomfortable thoughts or feelings that may arise.

In the end, we believe the benefits of positive changes in participating in the Aventa treatment program outweigh these negative experiences.

Accommodation:
- Accommodation is in shared rooms, with 3 women per room.
- A shared bathroom and shower are provided between two adjacent rooms.
- All linens including towels are provided.
- Clients are required to provide their own toiletries, laundry soap, clothing and hygiene items.
- Free laundry facilities are provided onsite and Clients do their own laundry.

Meals:
- Three nutritious meals and snacks are provided daily.
- Lunch and dinner include a main course as well as a salad bar.
- Vending machines with snacks are available. Clients have access to a locker for storage of snacks.
- If Clients have any food allergies or dietary concerns, please ensure the Assessments and Admissions Counsellor is aware of this prior to beginning treatment and also on admission day. **Nuts and other allergens are used on site, therefore cross contamination may occur.**

Amenities:
- Aventa is located in a quiet, residential neighborhood, accessible to bus routes and services.
- A fitness centre with cardio machines and weights is available onsite.
- Arts and crafts, and recreation programs are provided.
- Telephones are provided free of charge. Clients are required to provide their own long-distance cards. Client cell phones are not permitted onsite.
- Computer access is available weekly for essential tasks.

Fees:
- Beds funded via Alberta Health Services (AHS) or other funding partners are provided at no cost to the Client. The YAT program is fully funded through Alberta Health Serviced including the room and board fees.
- Clients are responsible for their own spending money for items such as medication, long-distance phone cards, toiletries, transportation, additional crafts, and incidentals.

Qualifications of those providing services to the Client
- Aventa is accredited with Accreditation Canada.
- The Aventa Clinical Team is comprised of the Executive Director, Clinical Supervisor (PhD/Registered Psychologist), Clinical Administration Manager, Residential Program Manager, Residential Supervisor, Phase II Program Manager, Long Term Program Manager, Counsellors and Residential Counsellors and Nurse (RN). In addition, partner agencies may provide optional onsite services.
- Program Managers, Counsellors and Residential Counsellors at Aventa generally have a Diploma, Bachelor’s Degree or Master’s Degree in the helping profession, such as Social Work, Addictions Counselling, Counselling, Psychology, Sociology, etc. and related professional experience and training.
• If applicable, Clinical Team members are registered with the appropriate Professional College which may include Registered Social Worker (RSW), Registered Psychologist, and Registered Nurse (RN). Clients may request information on individual staff qualifications at anytime.

Terms and conditions of receiving and continuing to receive services, including accommodation
• The status of any person as a resident may be terminated immediately by Aventa should a Counsellor, in consultation with Management, determine that the Client has far neglected their treatment, refused to cooperate with Staff in regards to the Client’s treatment, violated any of the agreed upon rules, or for any other justified causes. These include: breaking of confidentiality, using alcohol, substances or gambling, threats of violence, refusal to participate in areas of treatment, disruption of group process and/or not being engaged in treatment, or treatment is deemed as not an appropriate fit at this time.

Grievances/Complaints
• Any Client who has a complaint or concern should address it directly with the Staff person involved.
• If the complaint/concern remains unresolved, Clients may request to meet with a Program Manager for further discussion.
• If the complaint/concern remains unresolved with the Program Manager, the Client may request a Grievance Form to make a written complaint to the Executive Director.

Consent for Critical Incident Contacts
• I authorize Aventa Staff to contact the person(s) identified at the time of intake and as listed below, in case of a critical incident, such as a medical emergency or discharge from the program, other than scheduled graduation. The information released will include the Client name, date/time of discharge, and in the case of medical emergency, which facility the Client was released to. I understand that a voicemail message will be left if direct contact cannot be made.
• Please provide their name, relationship to you and phone number:

__________________________________________________________________________________

Substitute Decision Maker
• A substitute decision-maker (SDM) is a person you choose in advance to make health care decisions for you in the event that you can not make them for yourself. If you have a substitute decision maker please provide their name, relationship to you and phone number:

__________________________________________________________________________________

I confirm that I have read the above Service Contract and understand and agree to the contents.

I confirm that I agree to payment of any associated costs.

I confirm that the nature, benefits, risks, consequences, and alternatives of attending the Aventa’s addiction treatment programs have been explained to me. I am satisfied with and understand the information I have been given, and I consent to participate in the treatment program. I understand that I may, at any time, withdraw from the Aventa treatment program.

Aventa and McMan have collaborated in a joint partnership called the “Journeys” Program, which is designed to deliver timely supports to women with addiction issues who would benefit from extra support. The program will provide services aimed at reducing risk factors and facilitating successful transitions through recovery by offering pre and post treatment supports.

**Journeys is optional. Please note that choosing to, or declining to, participate does not affect your application to Aventa.**

Attention Referring Physicians

Aventa is a residential addiction treatment facility for women. Clients attend a minimum of 6 weeks of treatment. We require that the attached medical form be completed prior to treatment preferably by the Client’s primary care physician.

Please complete the form with as much detail as possible including all prescribed and over the counter medications that you are recommending your client take while in treatment.

Medical checklist:

- All medications must be listed and approved by the physician prior to treatment. If there are any changes prior to coming into treatment, a new form must be completed or an amendment made to the initial form and signed by the original MD.

- We require clients to be stabilized on their medications when they begin treatment. We request that any necessary adjustments are made 2-4 weeks prior to treatment.

- Please review the restricted medications list (attached).

- All medications must be in their original packaging. Medications should not be blister-packed with the exception of Seroquel.

Feel free to contact us at 403-245-9050 with any questions or concerns.

Thank you for your time and support.

Sincerely,

Aventa Assessments & Admissions

Please elaborate regarding details, severity and the impact on current functioning or how it might interfere with the Client’s participation in programming and the treatment plan. This includes any physical, psychological or psychiatric conditions that may interfere with activities of daily living in a live-in facility with shared accommodations.
**Current Medications:** In order for Aventa to allow a Client to bring a medication, *(including prescription, non-prescription medications, and supplements)* on-site we require:
1. A legible Physician's order including dose, route, timing, and reason for the medication
2. Physician stamp and signature *in a case where no Physician is available an alternative health care provider may be accepted

Clients are not permitted to take the following medications while in treatment at Aventa. If the Client is on a restricted medication, please include their tapering plan and your estimated last date of use. **Clients are required to be stable on their medications** with no medication changes (reduction, increases or additions) preferably for a minimum of 2 weeks before admission to ensure medical stability. The last date of use will help determine when they will be clear for drug screening and admission into treatment.

**Restricted Medication List**

- Benzodiazepines e.g. Valium, Ativan (Lorazepam), Rivotril (Clonazepam), Serax, etc.
- Sedatives or sleeping medications e.g. Chloral Hydrate, Ethchlorvynol, Glutethimide, Methyprylon, Imovane (Zopiclone) **(Seroquel and Trazadone are approved for management of sleep disorder)**
- Amphetamines e.g. Ritalin, Dexedrine, Benzedrine, Concerta **(Vyvanse and Strattera approved for management of ADHD)**
- Antihistamines e.g. Diphenhydramine (Benadryl) **(Reactine, Aerius, Claritin approved for management of allergies)**
- Decongestants and anti-cough medications e.g. Pseudoephedrine, Dextromethorphan **(Original Buckley’s approved for cold symptoms)**
- Muscle relaxants e.g. Cyclobenzoprine, Flexeril, Robaxicet
- Laxatives, stool softeners, and other bowel care products
- Meal replacements e.g. Ensure, protein power

**Below items are never appropriate for Aventa’s environment**

- Medications or Mouthwash containing alcohol
- THC (Marijuana), CBD, Nabilone (Synthetic Marijuana)
- Opiates (Morphine, Oxycodone, Percocet, Fentanyl, Codeine)
- Barbiturates e.g. Phenobarbital, Seconal – Barbiturate-like medications e.g. Meprobamate
- Diet pills e.g. Ephedrine
- Gravol (Dimenhydrinate)

**Although Aventa does allow Methadone, Kadian and Suboxone for Opioid Agonist Treatment (OAT) purposes, we do not allow Methadone or Kadian carries on-site at Aventa**; all dispensing is done through Shoppers Drug Mart at 2412 – 4 Street SW, Calgary, Alberta.

If no, how long have you known the Client? (Y-M-D)

Restricted Medications may pose a risk to sobriety due to their potential for abuse and must therefore be approved by Aventa medical team. Please note that the completion of this form does not guarantee approval of the medication; all forms are considered on a case-by-case basis. Form needs to be completed in its entirety for it to be considered for review.

OVERDOSE - Reduce Your Risk

Fentanyl may be 100 times more toxic than morphine, heroin, oxycodone. Even small amounts can result in overdose and it can found in other drugs without you knowing.

If you’re going to use:
- don’t use fentanyl, or any other drug, while alone
- start using in small amounts
- do ‘test shots’ (or test doses;
- don’t mix drugs
- avoid speedballing
- always carry a Naloxone Kit
- call 9-1-1 if you or someone suspects a person is experiencing an overdose. Calling for help can save a life!
