I had a good experience at Aventa.
I gained the vital tools one needs
learned to be successful in recovery.
An all woman's treatment program
makes it easier to share experiences,
strengths & hopes because I can
be myself without judgement &
be understood on a level only
other women can offer.
The counsellors being women can
empathize on a deeper level, I have
had male counsellors before and
was not as satisfied.

the staff here, has shown
so much support for me.
I will forever be grateful ~ I
cannot wait for phase 3, and
the corrections I'm going to make.
