I am happy with the program and be happy to share with other women about my experience at Aventa had an awesome counsellor. I will from time to time be in touch with my Aventa friends. It was so hard getting into the program but that was expected worked hard on myself and it was worth the six weeks I was here, and I will use the tools I had learned when I go home and stay strong for my sobriety. Lots of self care and love myself.

My second time in Phase III was amazing.

I was able to take the skills I learned in the first 3 months and apply them to my break in between, and also carry forward into

this round.

I made my biggest breakthrough during my stay at Aventa.

The support, love, and accountability here have been essential to my continuing journey.

Aventa has been my home for 7½ months.

I'm forever grateful to them for saving my life.
