This program has been amazing + very indepth. It has allowed me to deal with the abuse that I had experienced in the past and learn tools to deal with my emotions to prevent relapse. The has been amazing + very helpful and I would recommend it to any woman that is struggling with addiction.

I was broken when I walked into Aventa. I had assumed I only needed to stop using drugs/alcohol and I would be fine ~~but~~ once I finished detox, I was unable to function at home; my life was in chaos, I had lost myself. I felt like a puzzle, shattered into dozens of pieces. I never imagined the counsellors and staff at AVENTA could 'put me back together' again. . . but they did.

In the 6 months - 1 year preceding Aventa, I had become completely isolated from everyone, even my own children and family. My 'job' 24→ was to secure a supply of my D.O.C. (drug of choice) The substance that had once been my solution for everything became the problem.

After 6 ~~sat~~ weeks at AVENTA I am walking out the door confident, sober/clean and re-connected to my self my husband, children and the community.

The AVENTA program literally saved my life!
